

Download Branz House Insulation Guide

BRANZ is an independent and impartial research, testing, consulting and information company providing services and resources for the building industry. Our two main areas of activity are research and investigation in the construction and design of buildings and the environment, and the transfer of knowledge in these areas.

House Insulation Guide: Fifth Edition. The Fifth Edition of the House Insulation Guide retains the easy-to-read graphs and tables to determine the as-built construction R-values for given levels of insulation and common construction options.. This 5th edition includes new information and modelling for:

- windows and recessed light fittings

BRANZ search and locate tool The BRANZ digital helpline, a useful directory of building and construction information in New Zealand. Building and construction professionals can also call the BRANZ Helpline - 0800 80 80 85 - for advice. Consumers can call the Consumer Helpline - 0900 5 90 90 - calls cost \$1.99 per minute, plus GST. Full knowledge of your enquiry may result in you being referred ...Updated: See my updated list at the end of this article for currently available products for slab edge, perimeter insulation..

BRANZ recently released their fifth edition of the House Insulation Guide.Changes in this edition include 'waffle pod' concrete slab systems, and a concrete slab edge insulation update.
