The B757 is a high-performance airliner. It operates well in high-altitude airports and is one of Boeing's best performers. Question: Is it possible that Boeing could bring back the 757 into production without having to design a whole new airplane? So many airlines now seem to want the 757. – Dave, Foxboro ...

The International Civil Aviation Organization (ICAO; Chinese: ?????? French: Organisation de l'aviation civile internationale) is a specialized agency of the United Nations. It codifies the principles and techniques of international air navigation and fosters the planning and development of international air transport to ensure safe and orderly growth.
