

# Download Financial Management For Medical Groups

Chief Financial Officer – The CFO provides oversight of the activities of the Division of Financial Management and represents the department’s financial interests when working with the Governor’s Office, the Georgia General Assembly, the Board of Community Health, the Centers for Medicare & Medicaid Services, and other stakeholders. Data Management Groups manage the access and use of data here at CU. A Data Management Group (DMG) for each business domain is typically composed of data stewards and data custodians and/or their designees.
