

Download Guidelines For Periodontal Therapy

AAP treatment guidelines stress that periodontal health should be achieved in the least invasive and most cost-effective manner. This is often accomplished through non-surgical periodontal treatment. For a printable PDF of the entire document, [click here](#). The 2019 AAHA Dental Care Guidelines for Dogs and Cats outline a comprehensive approach to support companion animal practices in improving the oral health and often, the quality of life of their canine and feline patients. The guidelines are an update of the 2013 AAHA Dental Care Guidelines for Dogs and Cats. New and exciting things were happening at this past EuroPerio9 held in Amsterdam from June 20th-23rd, 2018. The American Academy of Periodontology (AAP) announced new periodontal classifications for the AAP Guidelines. The guidelines have not been updated since 1999, so this is a pretty big deal! This was a long time coming as both the [...] The American Dental Association (ADA) accredited programs are a minimum of three years in length. According to the American Academy of Periodontology, U.S.-trained periodontists are specialists in the prevention, diagnosis and treatment of periodontal diseases and oral inflammation, and in the placement and maintenance of dental implants. Many periodontists also diagnose and treat oral pathology.
