Slipping doesn't necessarily mean that your transmission is about to fail, but it is a signal that you should get it looked at by a repair shop. Honda has long built nearly all of its own automobile transmissions, unlike many other automobile manufacturers which often source transmissions from external sources. The most notable exception was in 2014, when Honda decided to forego an in-house designed transmission and chose the ZF 9HP transmission for their Acura TLX V6 model, later extending the offering of the ZF transmission to the ... The Ford Escape is a small crossover SUV that was first offered for sale in 2001. Through 3 generations, 2001-present, Ford has used 4 different transmissions, including a manual option that was available from 2001-2004. For the North American market, the Honda Odyssey is a minivan manufactured and marketed by Japanese automaker Honda since 1994, now in its fifth generation.. The Odyssey had originally been conceived and engineered in Japan, in the wake of the country's economic crisis of the 1990s – which in turn imposed severe constraints on the vehicle's size and overall concept, dictating the minivan's ...
