“How to Start a Home Health Care Business: Medical Start Up 101” by Albert Aaron “Home Care How To—The Guide to Starting Your Senior In Home Care Business” by Brendan John “Home Health Agency Startup Guide: Step-by-Step Guide to Build a Successful Home Health Agency Business” by Janet Brown and Kathryn Keenan

Step 1, Gain experience in the health care field. Nurses, administrators, physical therapists and other health care professionals will be able to use their industry knowledge to develop a business plan and gain credibility. If you do not have this experience, you may want to partner or employ people with medical experience.

Step 2, Research what home health care businesses are available in the area. You should aim to provide a new service or a similar service in an area of high demand. Do ...Starting a non-medical home care agency. Your next decision is whether to start a home care business on your own or team up with a home care franchise. There are pros and cons for both but basically franchise fees provide a business model along with start-up guidance and ongoing support.

How To Start a Senior Home Care Business For Under \$900. Hourly rates, the most common way to charge for home care services, range from as low as \$18 an hour in smaller towns to as much as \$40 an hour in the larger cities. The national average for non-medical home care services is currently \$24 an hour.
