

Download Jetstream 31 Aircraft Manuals

Title: British Aerospace Jetstream J31 The Jetstream J31 is a twin-turboprop pressurised commuter airliner, designed in the 1970's by Handley-Page, the last major British aircraft company building aircraft that was not part of the Hawker Siddeley or British Aircraft Corp conglomerates. Unfortunately, escalating costs and protracted development of the aircraft led to bankruptcy of the company. The Jetstream 31 entered service in 1982 and the increased power Jetstream 32 in 1988. BAE Systems completed an upgrade programme for the Jetstream 32 resulting in the Jetstream 32EP (enhanced performance) aircraft, certificated in 1997, which has short field capability and hot and high operational performance. Tech Log - Jetstream 31/32 Manuals - Hello, I was wondering whether anyone has a copy of the J31/J32 Manuals? If so please PM me...its urgent.

Thanks Jetstream 31 version 2.1 . The BAe Jetstream 31 is the first turboprop panel I've made for the BAe Panel Project. I'm working on the Jetstream 31 Panel now since April 2002! You may now ask why I need such a long time for a simple turboprop panel. Well, it's easy to explain. The first production aircraft flew in March 1982, UK certification was granted in June 1982. In British Naval service the J31 is designated the Jetstream T3. Subsequent development led to the Super 31, certificated in October 1988. The Super 31 (or unofficially J32) features uprated engines, higher weights and better performance. British Aerospace Jetstream 31 twin turboprop 18 passenger commuter airliner/utility aircraft. The Jetstream 31 first flew in 1980 but traces its ancestry back to the Handley Page HP-137 of the 1960's. 386 Jetstream 31/32's were built and many are still flying. BRITISH AEROSPACE JETSTREAM 3101 BRITISH AEROSPACE JETSTREAM 3201 Doug Edwards Chairman, Flight Operations Evaluation Board (FOEB) Federal Aviation Administration Aircraft Evaluation Group DOT Building, Room 332 901 Locust Street Kansas City, MO 64106-2641 Telephone: (816)-329-3233 FAX: (816)-329-3241 The British Aerospace Jetstream 32 Introduction For X-Plane 10, it seems as if many dedicated X-Plane 10 airplanes of high quality are being designed day by day. As of this writing, X-Plane 11 has been updated to version 11.01 (with a beta for 11.02) and by default the environment looks great although I still use add-on cloud programs. The JRollon Jetstream 32 has been updated for X-Plane 10 ... Jetstream 32EP, which is the marketing name for a package of retrofit modifications which can be embodied under Service Bulletin to give the aircraft improved WAT performance for shorter field operations. The basic modifications to introduce the Flight Manual changes are JK12132 and JK12133 (0° and 10° flap t/o), both of which require fitting of The British Aerospace Jetstream is a small twin-turboprop airliner, with a pressurised fuselage, developed as the Jetstream 31 from the earlier Handley ... British Aerospace adopted the Jetstream name as its brand name for all twin turboprop aircraft. As well as the Jetstream 31 and Jetstream 32, it also built the related Jetstream 41 and the ... reviews and traveller comments. A British Aerospace 3102 Jetstream 31 passenger plane, registered G-CCPW, sustained substantial damage in a landing accident at Isle Of Man-Ronaldsway Airport (IOM), United Kingdom. All 12 passengers and two crew members survived. The airplane operated on a flight from Leeds/Bradford Airport (LBA) to Isle Of Man-Ronaldsway Airport (IOM). BRITISH AEROSPACE Jetstream 32. Description. Commuter airliner. In service since 1988. Better performance development of Jetstream 31 with higher take-off weight. Over 400 Jetstream 31/32 aircraft have been delivered. Accidents & Serious Incidents involving JS31. JS31, Fort St. John BC Canada, 2007 (On 9 January 2007, a Peace Air British Aerospace Jetstream 31 on a scheduled service flight from Grand Prairie, Alberta made an instrument approach to Runway 29 at Fort St. John, British Columbia and touched down 320 feet short of the runway striking approach and runway threshold lights. The Jetstream 31 and the Jetstream 32EP (enhanced performance) are 19-seat turboprop airliners. The stretched Jetstream 41 development was announced in 1989, the first flight took place in 1991 and the aircraft entered service in 1992. The goal was to compete directly with 30-seat aircraft like the Embraer Brasilia, Dornier 328 and Saab 340. Learn more about BAe Jetstream 31 Tools And Equipment The Handley Page Jetstream / BAe Jetstream 31 is a twin-engined turboprop regional airliner and corporate aircraft with a capacity of maximum 19 passengers produced by the British manufacturer Handley Page, later Scottish Aviation and finally BAe, British Aerospace (today BAE Systems). The first production aircraft flew in March 1982, UK certification was granted in June 1982. In British Naval service the J31 is designated the Jetstream T3. Subsequent development led to the Super 31, certificated in October 1988. The Super 31 (or unofficially J32) features updated engines, higher weights and better performance. Jetstream 31, G-EEST At much the same time, the cabin attendant, who was sitting in the rearmost seat on the left side of the cabin, felt the aircraft suddenly move to the left and roll to the right. The aircraft touched down, bounced 10 to 15 feet in the air, as observed from the control tower building, touched down again.
