Prof. Dr. Waldemar Pelz 2 Purpose This course is designed to enhance your leadership – to improve your ability to lead with purpose, to communicate effectively, and to work well with others. The proper care and use of laboratory animals in research, testing, teaching, and production (animal use) require scientific and professional judgment based on the animals' needs and their intended use. An animal care and use program (hereafter referred to as the Program) comprises all activities conducted by and at an institution that have a direct impact on the well-being of animals ... At Egon Zehnder, we take our deep industry and functional expertise and convert it into usable insights for our clients and candidates. Whether an article, a speech, a video, or an event, what we say and create must add value. Key differences in MLA 8th Edition 1. One standard citation format that applies to every source type In previous editions of the MLA Handbook, researchers were required to locate the citation format for the source that they used. For example, if a magazine was used, researchers needed to locate the [...]
