

# Download Model Procedures Guide For Structural Firefighting

Note: This list does not include firefighting equipment, i.e., tools and apparatus used by firefighters. Please refer to Glossary of firefighting equipment for such terms. Similarly, although there is much overlap, you may also want to refer to the Glossary of wildfire terms for terminology particular to that type of firefighting. Note: Many of the terms defined here, particularly relating to ...Due to the dynamic change in funding for Firefighter training all courses may be eligible for funding from either contracts or grants. In the absence of either contracts or grants all courses in this catalog can still be provided, but a fee will be required. 6 6 Minutes for Safety. A daily safety briefing for wildland fire that focuses on high risk events found within a firefighter's scope of work that are performed on an infrequent basis. Near-Miss, with RIT Deployment at Structural Collapse: Canada. A rapid and fast moving early morning fire in downtown Trenton, Ontario Canada resulted in the subsequent collapse of a three story mixed use commercial and apartment occupancy structure.
