

Download Porsche 964 Engine Manual

The Porsche 964 is the company's internal name for the Porsche 911 manufactured and sold between 1989 and 1994. Designed by Benjamin Dimson through January 1986, it featured significant styling revisions over previous 911 models, most prominently the more integrated bumpers. The Porsche 911 (pronounced Nine Eleven or in German: Neunelfer) is a two-door, 2+2 high performance rear-engined sports car made since 1963 by Porsche AG of Stuttgart, Germany. It has a rear-mounted flat-six engine and all round independent suspension. It has undergone continuous development, though the basic concept has remained unchanged. The engines were air-cooled until the introduction of ...body in white prime coated sealed with underbody protection bodyshells can only only available from current model year available see tpi GR.8 NR.35 the data required for your order can be found on the vehicle data carrier please indicate this data in your order PH: 802.893.7366 | F: 802.893.7311 All manufacturer's names, symbols and descriptions are used for reference only.
