A quark (/ k w ??r k, k w ??r k /) is a type of elementary particle and a fundamental constituent of matter. Quarks combine to form composite particles called hadrons, the most stable of which are protons and neutrons, the components of atomic nuclei. Due to a phenomenon known as color confinement, quarks are never directly observed or found in isolation; they can be found only within ... Black Lives Matter (BLM) is an international activist movement, originating in the African-American community, that campaigns against violence and systemic racism towards black people. BLM regularly holds protests speaking out against police killings of black people, and broader issues such as racial profiling, police brutality, and racial inequality in the United States criminal justice system. Yes, it's possible Making higher education affordable and achievable They may be rivals on the field, but Washington State University and the University of Washington are teaming up on a campaign to remind Washingtonians that higher education is affordable and achievable.
